Notes from the Board of Directors

We are excited to announce that the Lake Forest Property Owners' Association is now accepting resumes for three open seats on the Board of Directors. This is a fantastic opportunity for dedicated community members to play a vital role in shaping the future of Lake Forest. The Community has many up-and-coming projects and events. We want to be sure that our entire community is represented. The current Board represents only a portion of what our area offers. Are you a Baker? Teacher? Doctor? Avid Golfer? Or are you somewhere in between? All of these would be a great addition to the Board. We need all perspectives and all input.

Benefits of Serving the Community on the Board of Directors:

1. ****Direct Impact****: As a board member, you will directly influence decision-making processes that affect our community's welfare and development.
2. ****Leadership Experience****: Serving on the board provides valuable leadership experience, enhancing your professional skills and credentials.
3. ****Community Engagement****: Engage with fellow property owners and work together to address concerns, implement improvements, and foster a stronger sense of community.
4. ****Networking Opportunities****: Connect with other board members, local officials, and community leaders, expanding your professional network and building lasting relationships.
5. ****Personal Fulfillment****: Experience the satisfaction of contributing to the betterment of Lake Forest and leaving a positive legacy for future generations.

We encourage all interested members to submit resumes and express their interest in serving on the Board of Directors. Together, let's continue to make Lake Forest a wonderful place to live and thrive. Don't hesitate to contact the LFPOA office for more details and to submit your resume for consideration.

The deadline to submit your resume and background check is May 4th, 2024.

Thank You
LFPOA Election Committee

Notes from the Board of Directors contd.

Environmental Restoration of the Lake Forest Lake and D'Olive/Tiawasee Watershed

Dear Homeowners,

The Lake, which Lake Forest gets its name, is important to all the property owners. It is a "Public Resource" with access available to all. Coupled with the amenities that are planned for the Restored Lake, from recreation sites that offer boat ramps, public piers, covered picnic areas, an outdoor environmental learning facility, canoe and kayak launch facilities to a trophy fishery (including a trophy Florida Largemouth Bass fishery), this restoration will allow the entire community to enjoy the Lake. The Lake's documented positive impact on property values throughout the entire subdivision is valuable to all LFPOA members.

The Lake must be restored to the gem quality recreation and aquatic resource it once was. The current process of rapid loss of capacity (already lost 2/3 of its original volume) will continue to progress through the next 70 years. The damaging sediment flows from 77% of this watershed that is outside the Lake Forest Subdivision. These sediment flows have resulted in a Lake depth that is almost unusable (3 ft average) and are currently flowing into the D'Olive Bay and damaging the Marine Estuary System. We are continuing to lose valuable aquatic wildlife, plants, and many other terrestrial species.

est. 1971

Notes from the Board of Directors contd.

Environmental Restoration of the Lake Forest Lake and D'Olive/Tiawasee Watershed

What we are trying to accomplish is funding for environmental restoration from several sources, none of these are LFPOA funds. All the environmental funding sources we are seeking require us to show that the people of Lake Forest are supportive of the restoration. Please consider signing the petition at the following link to show your support.

Also, please know that:

"Signing the petition in no way obligates LFPOA funds to pay for this project" and " the LFPOA Board will not solicit individual contributions from petition signees ".

News from our State House Representative Matt Simpson

There is no better time than spring in Baldwin County. The weather is perfect. The breeze slides off the bay and the weekends are filled with small town festivals and events that make our county the best in all the south.

As a legislator, one of the most fulfilling duties I have is to help pick local organizations and events to receive an annual tourism grant.

Each year the Alabama Tourism Department works with the legislature to disperse millions of dollars in grants allocated from the state's budget.

Our goal is to help bring to life the geographical and cultural diversity that thrives throughout our great state.

In Baldwin County, our Legislative Delegation is proud to award more than 20 such grants to organizations in our districts.

The grants, amounting to \$2,600 for monies awarded by members of the House of Representatives, are used to help grow these events each year in a number of ways. The hope is that with these extra funds, will not only help the event to grow each year, but as they do, so will the number of folks who get to enjoy these special events.

For 2024, I am pleased to present Legislative Grants to the following events and organizations: the USS Alabama, Blakeley Historic State Park, the Jennifer Clarie Moore Foundation rodeo, and the Jubilee Festival of Art.

If you haven't had the opportunity to visit the events that are put on by these organizations, put aside some time this year to do so. We have some of the most creative and inspiring individuals right in our neighborhoods. A weekend with them is a weekend spent appreciating what makes Baldwin County an amazing place to live.

If you have further questions or comments or concerns, reach out to me the same way you always do, which is emailing me at mattsimpson196@gmail.com
